

Upper Lawrenceville Waterline Replacement Project – Phase 2

PROGRESS AND LOOK-AHEAD:

- To date, new 8-inch water main has been installed at all proposed locations.
- To date, service lines at all proposed locations have been connected to the new 8-inch water main.
- To date, surface restoration has been completed on Carnegie Street, Holmes Street, Keystone Street, 54th and 55th Streets, and Poe Way from Stanton Avenue to 52nd Street.
- During February, sidewalks and curbs will be restored on Duncan Street and 52nd Street.
- Final surface restoration to be performed by others once weather breaks in the Spring.
- The project is approximately 98% complete.
- The anticipated project completion date is March 3, 2017.
